PRESIDENTIAL ASSISTANT
PAYS SPECIAL VISIT TO COUNTY

Anne Wexler, Assistant to President Jimmy Carter will make a special visit to Santa Clara County on June 29. Accompanying Ms. Wexler will be Charles Warren, Chief Counsel for Environmental Quality.

Ms. Wexler and Warren will meet with the County Board of Supervisors, the Mayor of San Jose, representatives from organized labor, the petroleum industry, local business and community organizations.

"This is an excellent opportunity for our community to discuss our energy problem with national representatives and get some answers", stated Dominic Cortese, Chairperson of the Santa Clara County Board of Supervisors.

Chairman Cortese met with Ms. Wexler when he was at the White House last May 24, at the invitation of President Carter to receive a briefing on the SALT II Treaty. At that time, Cortese took the opportunity to discuss the energy crisis and invite Ms Wexler to Santa Clara County to confer with community leaders concerning the local energy situation.

The meeting is expected to cover a number of issues, including an update on the energy crisis, the status of the national energy program, alternative energy sources, relaxation of air pollution standards, the Department of Energy's lack of action, and the SALT II agreement.
