Community Benefit and Community Health Manager  
Kaiser Permanente, San Jose and Santa Clara Service Areas  
19000 Homestead Road, Building One, 2<sup>nd</sup> Floor  
Cupertino, CA 95014

Dear Ashlee,

The Santa Clara County Public Health Department is delighted to request \$20,000 in funding from Kaiser Permanente to augment the County's efforts to expand targeted HIV test-counseling to Santa Clara County residents. As you know, the Board of Supervisors this year allocated \$375,000 (total project budget) in one-time monies to support this initiative from July 1, 2006 through October 2007.

The Public Health Department's administrative offices are located at 3003 Moorpark Avenue, San Jose, CA 95128. Our Department's website is at <http://www.sccgov.org/portal/site/phd/>. Our federal tax-exempt number is 946000533.

For purposes of this application, the contact information is:

Kevin Hutchcroft  
Senior Health Care Program Manager  
HIV/AIDS Prevention and Control Program  
770 S. Bascom  
San Jose, CA 95128  
(408) 494-7878 phone  
(408) 4947871 fax  
[Kevin.Hutchcroft@hhs.co.santa-clara.ca.us](mailto:Kevin.Hutchcroft@hhs.co.santa-clara.ca.us)

The Centers for Disease Control and Prevention, through its Advancing HIV Prevention initiative, has emphasized the importance of early diagnosis of HIV infection. The resources dedicated to this local initiative will allow us to expand the outreach of our HIV test-counseling program to persons most at risk of HIV infection. Please contact Kevin for additional information, and please accept my appreciation to Kaiser Permanente for the thoughtful consideration of this request.

Sincerely,

  
Guadalupe S. Olivas, PhD  
Director, Public Health Department
